Projecting.

Prefabrication a house.

Delivery.

Assembling.

Additional explanations.

1. This building set doesn't include : foundation construction, engineering communications, inside finish, staircase, delivery and assembling costs.
2. The pictures in this description has indicative character.
3. Depending on supplier price changes, the cost of construction set may vary.
4. Depending on the supplier's material assortment and specifications changes, the materials can change, which does not deteriorate the properties of the product.
5. According to the individual needs of the client, building sets, their contents and quantities of materials may vary.
6. "AIG-konstrukcijas" provide assembling services in the following ways:
 - a) We provided assembling schemes for local assemblers,
 - b) We appoint a engineer, who leads the local assemblers work in agreed time,
 - c) "AIG-konstrukcijas" full assembling service:" everything that has been delivered is assembled".

"AIG-konstrukcijas" Ltd
"Bērzkalni", Ikšķiles novads, LV-5052, Latvia.
